Terms like "family values",
 "traditional values", "antifa",
 "woke", or other common
 conservative catchphrases are
 used to change word's meanings,
 and cause separation and
 confusion. These are not
 dog whistles with a secret
 meaning, but rather conservative
 talking points that should be
 considered RED FLAGS.
 "Traditional" is white supremacy,
 patriarchy, heteronormativity,
 and classism all wrapped
 in a bow.

When having these
 interactions in person,
BESAFE
 !:! accusations may
 be unsafe for
 marginalized groups.
 Stay in public and
 stay calm. Do not
 let them shake you.
